

PROCESS	PRODUCT/INDICATORS	EVALUATION
Preparing		
(1)		
comparing order, rounding, place value of whole numbers and decimals	Places whole number and decimals to tenths, hundredths, thousandths, millions and billions	Pre/Post test mid chapter checkup
	NM less than 60% PM 60% to 79% M 80% or greater	
(2)		
Add and subtract whole numbers and decimals	Adds and subtracts whole numbers; add/subtract decimals; uses a four part process to solve problems	Pre/Post test mid chapter checkup
	NM less than 60% PM 60% to 79% M 80% or greater	
(3)		
Multiply whole number and decimals; estimating products	multiply by two/three digits in whole numbers and decimals. Chooses an operation to solve a problem.	Pre/Post test mid chapter checkup
	NM less than 60% PM 60% to 79% M 80% or greater	
(4)		
Dividing whole number and decimals; estimating products	divides by two/three digits in whole numbers and decimals uses two or more steps to solve problems.	Pre/Post test mid chapter checkup

PROCESS	PRODUCT/INDICATORS	EVALUATION
(5)	NM less than 60% PM 60% to 79% M 80% or greater	
Number sense and knowledge	Identifies factors, multiples, greatest common factors, and lowest common multiples; writes prime factorizations, equivalent fractions, compares and orders fractions; writes fractions as mixed numbers and decimals. Makes tables and draws diagrams.	Pre/Post test mid chapter checkup
(6)	NM less than 60% PM 60% to 79% M 80% or greater	
Add and subtracting fractions	Adds and subtracts fractions with same and different denominator.	Pre/Post test mid chapter checkup
(7)	NM less than 60% PM 60% to 79% M 80% or greater	
Multiplying and dividing fractions	Multiplies and divides fractions, fractions and mixed numbers, and fractions and whole numbers	Pre/Post test, mid chapter checkup
(8)	NM less than 60% PM 60% to 79% M 80% or greater	

Sixth Grade Math

PROCESS

Measurement and geometry

PRODUCT/INDICATORS

Finds units of length, capacity, weight, temperature. Finds the perimeter of objects. Uses metric units. Identifies points, lines, planes, angles, polygons, circles, congruency, and symmetry.

EVALUATION

Pre/Post test, mid chapter
checkup

NM less than 60%
PM 60% to 79%
M 80% or greater

(9)

Ratio, proportion, and percentages

Writes ratios, rates, proportions, and percents.

Pre/Post test, mid chapter
checkup

NM less than 60%
PM 60% to 79%
M 80% or greater

(10)

Statistics and probability

Finds the mean and median of a set of numbers, makes predictions about the probability of events, combinations and data.

Pre/Post test, mid chapter
checkup

NM less than 60%
PM 60% to 79%
M 80% or greater

(11)

Pre-Algebra

Works with hands-on manipulatives in solving pre-algebra equations.

Pre/Post tests, mid chapter
checkup

NM less than 60%
PM 60% to 79%
M 80% or greater
